

TRAFFIC ADVISORY

December 16, 2016

To: Local Media Representatives

From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

(Sequoyah Hills) Southgate Road Lane Closure [December 17 & 19] – KUB crews will reduce a section of Southgate Road to one alternating lane of traffic between Scenic Drive and Bluff View Road, from 8 a.m. – 5 p.m., on Saturday, December 17, and Monday, December 19, as construction prep work, including saw cutting of asphalt, is performed in this area. The northbound lane will be closed while the southbound lane remains open and is used to alternate traffic. All lanes will reopen outside of listed work hours. Electronic message boards, flaggers, and signs will be on site to assist with traffic control, and local traffic access to driveways will be maintained.

(North Knoxville) Road Closure- East Inskip Road [December 19 & 20] – KUB contract crews will close a short section of East Inskip Road, between Cedar Lane and Henrietta Drive, daily from 9 a.m. – 3 p.m., Monday, December 19, and Tuesday, December 20, as work is performed on the wastewater collection system in the area. All lanes will reopen to traffic outside of listed work hours. Alternate routes include Cedar Lane, Henrietta Drive, Charles Drive, and Montrose Road. Local traffic access to driveways will be maintained, and signs will be on site to assist with traffic control.

(North Knoxville) Road Closure- Nottingham Road [December 19-21] – KUB contract crews will close a short section of Nottingham Road, between East Mansfield Drive and Doningham Drive, daily from 7 a.m. – 5 p.m., starting Monday, December 19, and lasting through Wednesday, December 21, as work is performed on the wastewater collection system in the area. All lanes will reopen to traffic outside of listed work hours. Alternate routes include Ridgecrest Drive, Parkdale Road, and Cedar Lane. Local traffic access to driveways will be maintained, and flaggers will be on site to assist with traffic control.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.
