Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

(Downtown Knoxville) West Summit Hill Drive Lane Closures [November 16] – KUB crews will close the following lanes on West Summit Hill Drive from 8 a.m. – 5 p.m., on Wednesday, November 16, as work is performed on the natural gas distribution system in the area:

- Outside, westbound lane of W. Summit Hill Drive at the Locust Street intersection
- Westbound W. Summit Hill Drive turn lane to Locust Street
- Eastbound, inside lane of West Summit Hill Drive at the Locust Street intersection

Turn access from northbound Locust Street to westbound W. Summit Hill Drive will also be closed during this time. All Locust Street traffic will be directed east on W. Summit Hill drive. Motorists should use Walnut Street as an alternate route. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.
